

THE HELP COALITION INC

COMMUNITY AND SCHOOL SUPPORT

SUPPORT OUR STUDENTS

We're dedicated to helping individuals report school and community incidents effectively. We've launched a simplified, 100% confidential reporting system that covers both our school grounds and the local community. We know serious issues don't always stop at property lines.

This is your direct line to administration and community leaders to log incidents without fear of judgment.. All reports are confidential and "anonymous".

HELPING THOSE IN NEED, NO MATTER THE NEED.
